PROFILE

As a dedicated and quick-learning individual, I am pursuing a career in Software Quality Assurance with a focus on Manual Testing. I have a solid understanding of the software development lifecycle (SDLC) and testing processes like writing test cases, executing test scenarios, and reporting bugs clearly. With strong attention to detail and a passion for software quality, I'm eager to join a QA team where I can apply my skills, learn from professionals, and contribute to delivering error-free, user-friendly software.

EDUCATION

BS Information Technology
Sindh Agriculture University
Tandojam

2021 – 2025

Project

- **Login Page Testing – VWO Website**
- Performed manual testing of the VWO login page to validate functional behavior, UI elements, form validations, and error handling.
- Designed test cases, executed positive and negative scenarios, and reported bugs with clear documentation.
- GitHub: <https://github.com/kubramemon/Software-Testing-Project1>
