SUMMARY

I am a skilled WordPress and Web Developer with 3 years of experience in creating responsive and easy to-use websites. I work with HTML, CSS, Bootstrap, and WordPress (Elementor , themes, and plugins). I focus on building websites that look good and work well for users. I'm currently studying IT and always try to improve my skills by learning new tools and keeping up with the latest trends in web development.

PROJECT

2025 - HEALTHCARE WEBSITE

I have developed a professional healthcare services website for a client, comprising multiple pages. The design and layout were created using custom HTML, CSS, and Bootstrap, JS, with additional styling and interactive features. This project was part of my practical experience in frontend web development.

PROJECT

2024 - E-COMMERCE WEBSITE

I have developed a professional website focusing on e-commerce, comprising 4 to 5 pages. The design and layout were created using WordPress, with the help of Elementor, WooCommerce, and custom CSS for styling. This website was built as part of my practical learning in WordPress development.
